# PI Planning

Identify priorities & owners,  
pinpoint dependencies, & chart  
the direction for your business

1

## Define Product Increment Scope

Clarify priorities, intended outcomes, and owners to set a common context for planning.

Align on estimation approach (e.g., story points) and iteration cadence for the PI.

Need help running this activity?

Work with the  Agile Coaching Sidekick to guide your teams through the planning.

## **Iteration Breakdown by team**

Each team pulls relevant features/epics into its area and decomposes them into iteration-level work.

Sequence work across iterations, estimate, and identify required capacities and milestones.

Capture team-level risks, assumptions, and questions as you plan.

3

## **Agile Release Train Review**

Conduct a whole-ART review: walk through the consolidated plan, dependencies, risks, and questions.

Let Miro AI help you summarise and assess risks and dependencies.
